REMARKABLE CURE FOR RHEUMATISM.

It is commonly acknowledged by all physicians that Rheumatism is caused by the presence of Uric Acid in the blood. And heretofore, practically the only remedy for this condition was an expensive trip to the famous medicinal springs of Bohemia and Carlsbad, which many sufferers cannot afford. Just recently, a remarkable discovery has been made that makes it possible to concentrate all of the wonderful medicinal benefits of these springs into a powder. This powder is called LAX-URIC and can be had at Wells-Haymaker Co., Angle Inn Pharmacy, Stone & Mercer or Farrell Drug Store. It acts as a mild, effective laxative and completely neutralizes the Uric Acid in the system thus giving almost instant relief from rheumatism. It is also excellent as a cure for all complaints arising from disordered stomach, kidneys and liver.—Advertisement.
